Year of Report: 2009-2010

Part A

Our College was accredited by NAAC in the year 2007. In the post-accredited period, the Internal Quality Assessment Cell (IQAC) was constituted to evaluate and enhance the academic quality and to ensure administrative efficiency. During the 3rd year (2009-2010) of the post-accredited period, the plan of action chalked out in the beginning of the year towards quality enhancement were as follows:-

1. To improve the quality of teaching, research and examination.
2. To improve the infrastructure and to upgrade technology and to computerize different sections of the college.
3. To modernize library facilities and to spend more money for purchase of new books and journals.
4. To increase financial aid to SC/ST/OBC/Minority/PH and economically deprived students.
5. To introduce Remedial Coaching Facilities.
6. To introduce Coaching classes for entry in services for SC/ST/OBC (excluding creamy layer) and Minorities.
7. To encourage students to involve themselves in NSS, NCC and other social activities.
8. To further upgrade the Career Counselling Cell.

1. To improve the quality of teaching, research and examination, vacant teaching positions have been filled up. In this session **5(five)** new teachers, recommended by College Service Commission (West Bengal) have joined the college in History, Philosophy, Zoology, Mathematics and Commerce departments. Besides, the college has employed full time contractual teachers and part time teachers in sufficient numbers as required.

Necessary arrangements are in progress for introducing Computer Science Honours in the coming session for which affiliation has already been obtained from the University. Negotiations have also been going on for introduction of M.Ed and B.Ed Courses under IGNOU from the coming Session.

Talks are on regarding the introduction of various professional Courses.

B.Ed Section of the College arranges Departmental Seminars through out the year. They have plans to organize a **two-day** National Seminar entitled '**Management in Teacher Education: Prospect and Perspectives**' sponsored by UGC in **September, 2010**. Preparations for the seminar have been going on since January 2010.

Teachers are submitting research projects and getting them successfully sanctioned by UGC. In 2009-2010, **one Major Research Project and Two Minor Research Projects** were in

progress under the guidance of the Teachers of the College. Final Report of one Minor Research Project was submitted this year. Teachers are also involved in guiding M.Phil and Doctoral students in collaboration with faculty from other Research Institutions of West Bengal as well as from other Interstate institutions. (Details -Pg-17 and Page 25-26 of this report)

Part-B

1. Activities reflecting the goals and objectives of the institution:

The chief mission of the college is to impart knowledge to every individual, irrespective of his/her status in any field religious or economic. It aims to disseminate knowledge to the remotest corner of the district and to the poorest of the poor. It also tries to provide its students, with all round development so that they inculcate the qualities of a good human being. To accomplish its goals and objectives, in addition to normal classroom teaching, the institution organizes frequent class tests, seminars and quizzes, workshops, fieldwork, educational excursions for its students. It also organizes survey of the locality and emphasizes the interaction among teachers-students-guardians for a better feedback. Our college has also been able to initiate quite a range of extension activities through its NSS and NCC wings. Literacy drive in the local areas is an important aspect of the extension activity of our Institution. The Institution does health check-ups for its students. Keeping in mind the economic vulnerability of a number of students coming to the college, the Institution arranges free studentships, scholarships and financial aids from various organizations and banks.

2. New academic programmes initiated (UG and PG):

College has received affiliation for Computer Science (Honours) course in its Under Graduate Section from University of Calcutta.

3. Innovations in curricular design:

The college being affiliated to University of Calcutta, has to follow the syllabus framed by the Under-graduate Board of Studies of different subjects of the University. However, in this process of curriculum designing and examination reforms, **some faculty** members of the College who are members of different **Boards of Studies** express their views and recommendations for designing of the curriculum and for necessary examination reforms. Teachers of the College attended the various **Workshops** where the UG syllabus was discussed and proposals for its modification in view of the impending Semester system received. They are also actively engaged in implementation procedures of the new syllabus introduced from 2010 Session in the college. **One of the faculty member of the College is also a member of the Undergraduate Council, the second highest governing body of the affiliating university.**

In the post graduate section of the college, syllabus of the University of Calcutta is primarily followed with adequate independence of alteration as necessary. Concerned teachers of the department with proper help from erudite scholars in the subject are engaged in shaping the post-graduate syllabus.

4. Inter-disciplinary programmes started:

Interdisciplinary approach to teaching has been successfully adapted in College. The Environmental Studies Programme, which was compulsory for all 1st year students(in the last academic session), is managed by teachers of science, arts and commerce streams.

Department of Chemistry organises inter-departmental seminars with the faculty members of other departments. Such seminars are being planned in those areas of study which overlap. Some of the faculty members are actively engaged in guiding fellow teachers of other departments in preparing their dissertation in inter-disciplinary areas.

5. Examination Reform implemented:

In the present system the affiliating university authorities (the University of Calcutta) decide on the entire examination pattern and all the affiliating Colleges under it follow the same. Based on the University regulations, the College authority designs its own examination calendar for better management of academic affairs. The University presently follows a three-stage examination system in the undergraduate degree level with a final examination after each year. Before appearing in the final examination at the end of each year the student has to qualify in one mid-term test examination and one test examination conducted by the college. Besides this, continuous internal evaluation is done through class tests, quizzes, and student seminars. University plan to introduce Semester system of studies in 2011-2012 session.

6. Candidates qualified: NET/SLET/GATE etc:

NET/SLET/GATE qualified only after post graduation. The institution being mainly a degree college covering undergraduate courses has no such scope and mechanism to record these details at present. However, the college has started taking steps to record the data with

the help of an alumni website. Students who have qualified in School Service Commission Examination of West Bengal from *Post-Graduate Section* of the college is given below:-

23. Courses in which student assessment of teachers is introduced and the action taken on student feedback:

Evaluation of the teachers by the students is obviously a delicate reality now. The administrative process that is operative in the college is to provide the outgoing third-year students with a questionnaire strictly laid down by the NAAC authority, which they are to answer on the basis of their impressions regarding the teaching abilities of their teachers. These questionnaires are then meticulously scanned and the end product is passed on to the people at the helm of affairs in the institution. The entire feedback is then perfectly analyzed by a method scientifically improvised by our teachers and finally the output is transmitted to the different disciplines of the college.

24. Unit cost of education: (2009-2010)

Unit cost = total annual expenditure budget (actual) divided by number of students enrolled

| | |
|----------------------------|----------------------------|
| Unit Cost including salary | Unit cost excluding salary |
| Rs 12504.72 | Rs 2186.44 |

25. Computerization of administration and the process of admissions and examination results, issue of certificates:

A number of new computers have been added to the already fifty-five existing computers in the session 2009-2010. Other than serving the academic purpose, computers are also used for administrative purposes of the college. In fact, the entire administrative wing of the

college is computerised. The financial details of the college including disbursement of salary as well as periodical increments are well-documented as a result of computerization.

The admission process of the college is centrally co-ordinated through computers. Publishing the merit list of eligible students for admission, Process of receiving admission fees and keeping the relevant financial details, keeping proper record of profile of students getting admitted in the college are all being done with the help of computers.

So far as the examination results and issue of certificates are concerned, the affiliating university (Calcutta University) is the issuing authority. The college which is the disbursing authority of these documents, maintains full computerized record of these documents. **Several latest computers, printers, fax machines, photocopiers have been purchased this session.**

26. Increase in the infrastructural facilities:

- ◆ UGC Grant under the Head **NRC** has been received for extensive Networking of the College. Rs. **97,200/-** has been utilized for providing **ten(10)** different broadband facilities in various departments including Library and Office.
- ◆ Five (5) on-line Drinking Water Filtering Devices installed for students, teachers and administrative staff.
- ◆ Proposal to UGC under XIth Plan Period for construction of a separate science block accepted. Construction to begin as soon as the 1st installment of grant is received.
- ◆ Preliminary work for Construction of Girl's Hostel is under way.

27. Technology upgradation:

- ◆ Broad band connection and internet facility further expanded to accommodate more number of students at a time. The service is totally free of cost. In addition, internet facility has been provided to college office for more prompt functioning. UGC Grant under the Head **NRC** has been received for extensive Networking of the College. Rs. **97,200/-** has been utilized for providing **ten(10)** different broadband facilities in various departments including Library and Office.
- ◆ Modernization and laboratory upgradation as per Calcutta University Syllabus. Grant received for this purpose and total expenditure is given below:-

| | Total Grant UGC Received | Total Expenditure |
|------------|--------------------------------|----------------------|
| Equipments | Rs, 5,00000/- | Rs, 5,82,862/- |

Grant for IC Books and Journals-Rs. 15,000/-

Grant for IC Equipments- Rs. 25,000/-

(IC- Initiative for Capacity Building)

28. Computer and internet access and training to teachers and students:

The College has more than fifty five computers and its own internet facility, which is freely accessed by the faculty members for their academic and teaching purpose. **Twelve(12)** new computers have been added in this session. UGC Grant under the Head **NRC** has been received for extensive Networking of the College. Rs. **97,200/-** has been utilized for providing **ten(10)** different broadband facilities in various departments including Library and Office.

Faculty members use computers for power point presentation of their teaching matter using LCD projector. Further, computer print outs of Microsoft Word Document on transparent paper are displayed using Overhead Projector which supplements classroom teaching. The students are also allowed to use Internet facility under the able guidance of their teachers. The total facility is accessible free of cost.

Free training programmes are regularly held in the computer section on data entry and data processing. These training programmes are available to teaching members, non-teaching staff as well as the students.

29. Financial aid to students:

Economically backward students get fee waiver, free studentships, and scholarships or can avail themselves of Students' Aid Fund from the College. In this academic year a support of **Rs. 30,930/-** has been given by the college while scholarship to the tune of **Rs. 1,72,420/** has been given by **Minority/Bidi Workers' Organisation and others**. The college has also received a grant of **Rs 72,000/-** as scholarship for students of College situated in a Backward Area. Additionally the Teachers Council of the college also raises fund on monthly basis from the teachers of the college to help the truly needy students of the college.

30. Support from the Alumni Association and its activities:

The Alumni Association of the College has been formed in 2007. As such, its contribution towards the development of the Institution is yet to be comprehensively reflected through its activities but the members have adopted some definite programmes for such development process.

- There is a plan to open a website for the college Alumni. This would help in contacting former students.

- Ex-students of college who are members of Bar Association (Lower Court, Higher Court) give legal advice to the college.
- Copies of books written by ex-students are donated to the college library.
- The ex-students of college provide confidence in organizing different extra-curricular activities of the college. They help in conducting sports/cultural activities/ literacy drive and other such programmes. With their co-operation the programmes of the college turn out to be not only colourful, but effective as well.
- Their active participation in providing health services are of extreme help to the college. They not only help in organizing health camps or blood donation camps but also donate blood at such camps for the college.

31.Support from the Parent-Teacher Association and its activities:

There is regular interaction between parents and teachers of the college which lead to a healthy and congenial academic ethos of the college. Interaction with the parents also helps in identifying the economically backward students who need aid in continuing their studies. Members of the authority thereby feel that poor students of the college are by no means deprived. Also, since most of the parents are ex-students of this college, they never hesitate to put extra effort in making the environment of the college congenial.

32. Health services:

The college organizes various health related programmes every year for the students and also for the surrounding locality. Some of the programmes include:

- i) Blood donation camp
- ii) Mother-child awareness camp
- iii) Polio programme
- iv) General Health awareness programme
- v) Free health check-up along with distribution of free medicines by the local eminent doctors.

33. Performance in sports activities:

Our students regularly participate in several sporting events like Judo, Chess, Swimming, Table Tennis, Badminton, Kabadi, football and cricket both at the district as well University level and prove their abilities. Major achievements for this year are: **Student Sahanara Khatun** participated in State Level Non-Government Athletic Meet at Salt lake Stadium in February 2010.

34. Incentives to outstanding sportspersons:

- a. As a part of the incentive to students who excel in sports, the college appoints experts for the consistent success of these students in various districts and state level meets.

- b. The multi-gym facility is made available to the students throughout the year, free of cost.
- c. Free sports kits and dresses are supplied to the students.
- d. The college also arranges healthy and balanced food to the participating students during their training period.

35. Students achievements and awards:

- **Academic achievement of the students**

Increase in pass percentage in the final examinations of Calcutta University as well as in the number of students getting First classes in different subjects.

- **Participated in** the state level Youth Parliamentary Competition 2010, held in January, organized by the Department of Parliamentary Affairs, Govt. of West Bengal..

- **Achievement in sports**

Student Sahanara Khatun participated in State Level Non-Government Athletic Meet at Salt lake Stadium in February 2010.

- **Achievement in cultural programmes**

With a view to promoting creativity among students and honing their literary and cultural skills, the college has established **Literary** and **Cultural Club**. Student Committee manages these clubs, which conduct a number of competitions and events within the campus. Students who are members of these clubs participate in various competitions at the local, state and national level.

36. Activities of the Guidance and Counselling Cell:

The College has a career-counseling and guidance cell, where regular counseling of students is done. This helps them to plan for their future programmes. The Convenors of the Career Counseling Cell are Prof. Sutapa Datta(Economics), Prof. Suparna Ghosh(Philosophy) and Prof. Keya Chattopadhyay(Education). They routinely engage themselves in academic and personal counseling as per the requirements of the students (both male and female). Their guidance gets a special thrust for self-employment especially considering the socio-economic and academic background of the students. Funds allocated for the cell in the XIth plan are as follows:-

| | Amount allocated for the Cell during XIth Plan Period | Amount received |
|---|---|-----------------|
| For computers with internet, LASER printer, photocopier and Fax | Rs. 2,00,000/ | Rs. 2,00,000/ |
| For hiring charges, TA/DA to Counsellor, Resource persons, payment of honorarium, reading material and contingency, | Rs 3,00,000/ | Rs 60,000/- |

The funds received are being judiciously utilised.

A seminar on career counselling was organised and a career counsellor brought down from Kolkata to deliver lectures. The one-day seminar was attended by all undergraduate students(both Hons and General) on 9th April, 2010, Speaker:- Dr. Partha Chattopadhyay(eminant journalist, writer engaged in Motivation Training, former(now retired) Dean and Head of Journalism Department in a reputed university, holder of international fellowships, honoured by Govt. of India by conferring of Senior Fellowship in Literature)

37.Placement services provided to students:

The college is receiving several proposals From various agencies like **HDFC Bank** , **Sikkim Manipal University**, Kolkata Branch and others to impart training to students and absorb them as trainees or equip them to face interviews successfully.

38.Development programmes for non-teaching staff:

There is regular computer training programmes covering data entry and data processing for development of computer skills of non-teaching staff. They are also trained to develop software according to the need of the office. Some of them also have basic hardware training to keep a steady maintenance of the office computers in use.

39. Best practices of the institution:

- (i) Faculty members and scholars have free access to internet.
- (ii) The campus of the College has been declared as smoking free and plastic free zone.

40. Linkages developed with National/International, Research Bodies:

Individual teachers of the college are seriously engaged in research and some of them are associated with various national and international institutions like Indian Accounting Association, Indian Accounting Association and Research Foundation, Commerce Alumni Association, Indian Association For the Cultivation of Science, Jadavpur, West Bengal Political Science Association etc.

Prof. Biswaroop Ghosh of History Department is associated with the following :-1) Editorial Advisory Committee of the volume entitled “Reflections in History’ published by Raktakarabee(Calcutta, Dec.2009, (ISBN-978-81-905134-7-0) 2) Executive Committee, Indian Association for Asia and Pacific Studies, Kolkata 3) Exe.
